Price : Rs. 300/— per volume

PREFACE

The Mkha' 'gro sñiñ tig cycle of Rdzogs-chen practice is one of the Sñiñ tig ya bzi collection put together by the peerless Kloñ-chen Rab-'byams-pa Dri-med-'od-zer (1308-1363), one of the greatest scholars that the Rñiñ-ma-pa tradition has produced.

These precepts were revealed from their place of concealment and transmitted by Gter-ston Rin-chen-tshul-rdor alias Padma-las-'brel-rtsal and Las-'brel-rtsal. This master was born in 1291 at Gñan-roñ 'Bri-thañ into the Ñañ lineage. He took monastic ordination at Lo-ro and received the ordination name Tshul-khrims-rdo-rje. When he was 20 in 1310, the famed gter-ston Rin-chen-gliñ-pa revealed the prophecy of this youth as a discoverer of concealed texts. At the age of 23 in 1323 he revealed the Rdzogs chen Mkha' 'gro sñiñ tig teachings from Ldañ-luñ Khra-mo-brag in Dwags-po. His two chief recipients of his gter-ma teachings were Rgyal-sras Legs-pa-rgyal-mtshan and Sprul-sku Rin-chen-gliñ-pa. He died at an early age in 1315 at Gñal Rgya-'grol-rtse near Phyiñ-dkar in Lower Byar.

Rgyal-ba Kloñ-chen-pa was regarded to be his immediate reembodiment according to tradition. There are, therefore, chronological problems in dating this gter-ston.

The texts of this cycle fill two volumes. Although two redactions of the Sñiñ tig ya bzi have already been published, those of Spom-mda' and of A-'dzom 'Brug-pa, these texts of considerable age from Gsañ-sñags-chos-gliñ in Spiti are of great interest because of their reflection of a living tradition from the Indian Lamaist area.

Handwritten marginal note on the left side of the page.

Handwritten text in a South Indian script, likely Grantha or Tamil, arranged in approximately 12 horizontal lines. The script is dense and cursive. The text appears to be a form of liturgical or philosophical discourse, given the use of characters like 'Om' (ॐ) and various Sanskrit/Tamil characters. The lines are separated by small gaps, and the overall layout is typical of a manuscript page.
